

Canada's best summer resorts for families

BRITISH COLUMBIA

Photo: Watermark Beach Resort

Watermark Beach Resort

Set on the sandy shores of Lake Osoyoos (reputed to be Canada's warmest lake), this resort prides itself on catering to families, so everything is easy-peasy from the minute you arrive. Spacious suites provide all the home away from home comforts, including full kitchens, a private four piece bath for each bedroom, plus a washer and dryer. If you can tear yourself away from the beach, there's a waterslide, pool and plenty of indoor and outdoor games to amuse active families. Not only are you situated in Canada's one true desert, the region also has several award-winning wineries, best explored while taking advantage of Watermark's babysitting services.
